

MTO 101 and ERI Panel

Dr. Mark Rosker, DARPA
Dr. Dev Palmer, DARPA
Select ERI Program Managers

DATE: Thursday, August 20, 2020

TIME: 2:15 PM – 4:45 PM

DESCRIPTION

During MTO 101, Office leadership will provide information on the Microsystems Technology Office (MTO) and its ongoing and desired research priorities. The session - which repeats content from Wednesday August 19 - will also include valuable information on how best to engage with MTO and to seek research funding. The MTO 101 session will be immediately followed by a live, interactive panel featuring MTO Leadership and several MTO program managers (PMs). The PMs will specifically discuss work within the ERI portfolio, concluding the session by taking questions from participants.
